

Curbside Collection Services

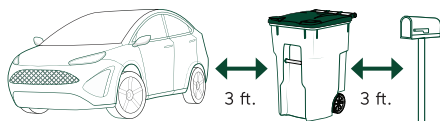

Dear WM Customer,

We are proud to be your environmental solutions provider. Our curbside collection program features lidded, wheeled carts for automated trash collection. With this service, our trucks use automated lifting arms to empty carts, making collection more efficient and safer for your community and our drivers.

Expect Cart Delivery June 15- June 29

Helpful Tips for Automated Trash Collection

- We cannot service personal carts or containers with our automated system.
- Place your carts at least 3 feet away from obstacles to allow the automatic arm to lift and empty the cart. Place the wheels of the cart toward your house.
- Please bag your trash and tie the bags tightly before placing them inside your cart.
- With automated collection, all items must fit inside your cart with the lid closed. Extra bags or items outside your cart can't be collected.
- **Help keep your community safe.** Never place lithium ion batteries, oil, pool chemicals, propane tanks, or hot coals in your cart—these items can cause fires during collection.

Set Out

Place your carts and bulk item curbside the night before on your collection day.

OTHER SERVICES

Bulk Waste

WM offers convenient collection of 1 bulk item weekly. This is an easy and convenient way to dispose of items too big to fit in your curbside container. We kindly request that you schedule the bulk item collection.

Acceptable items include household furniture and appliances.

Note: We cannot accept items containing Freon or chlorofluorocarbons—such as refrigerators, freezers, air conditioners, and dehumidifiers. All refrigerant gases must be removed by a certified technician and the unit must be visibly stickered as being free of all gases prior to scheduling a bulk pickup.

All bulk items must be scheduled for collection.

Schedule your bulk collection or request a WM cart at home.wm.com/muni or wm.com/bulky.
